

## R.E and Collective Worship:

**Branch 5- To The Ends of the Earth.** During this unit, children will be learning about the Holy Spirit and what it means to live as a disciple of Jesus. They will explore how the Holy Spirit was sent by God to guide and help people. Children will develop their understanding of the sacrament of Confirmation and make links to scripture.

**Branch 6- Dialogue and Encounter**  
In this unit, pupils will learn that the Bible is a collection of books inspired by the Holy Spirit, explore the importance of the Old Testament, Torah and Hebrew prayer, and discover Jewish sacred objects such as the Mezuzah.

## Maths:

**Decimals** – we will be learning how to add and subtract decimals. Perimeter and area – Children will be learning how to work of the perimeter and area of different shapes.

**Statistics** – Children will learn how to draw and read line graphs. They will also learn how to read tables of data.

**Shape** – We will learn how to measure, calculate and draw angles accurately. Position and direction – We will learn how to read and plot co-ordinates and explore lines of symmetry.

**Negative Numbers** – We will learn how to compare and order negative numbers.

**Converting units and measurement** – We will learn how to convert units of measurement as well as estimating and comparing volume.

## D.T/ Art

**DT** In this unit, pupils will investigate items made using textiles. They will handle and explore textiles to discover how the materials are joined and decorated. They will design and make an item using textiles, for a purpose and person. They will use a variety of stitches when joining their fabric.

**Art** In this unit, pupils will learn about fashion designer.

Yves Saint Laurent and will study work from a variety of fashion designers from the era to see the distinctive styles and techniques adopted. They will research and plan work using their sketchbooks.

**Music:** Children will focus on composing a song about our class saint. We will explore lyrics, tempo, rhythm and beat and how to accompany our song.

## Science:

**Space**-This unit allows the children to learn about the Earth and the celestial bodies in our solar system. The children will then explore how scientific ideas surrounding Earth's movement and placement have changed and developed over time.

**Forces**-This takes children through lessons where they learn how to explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object and identify the effects of air resistance, water resistance and friction.

# Year 5 Summer Term Overview Mrs Quinn

## History / Geography

**Geography** – Climate Change. During this unit, children learn about how changing patterns of weather at various locations around the world are impacting on the lives of real people.

**PSHE:** -. Being My Best.

Growing and changing.

**P.E:** Striking and Fielding  
Athletics.

## English:

- In writing lessons, we will be exploring syllabic phrasing within poetry and using poetic devices.
- We will be writing a narrative based on a non-fiction text.

We will be focussing on:

- Using cohesive devices to link ideas
- Use of parenthesis using brackets, dashes and commas
- Expanding use of sentences openers
- Proof reading and editing our work.
- Consistent, cursive handwriting

## Reading:

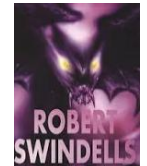

- We are learning to read aloud smoothly, with expression, and in a way that shows we understand the text.
- We will be developing our skills when answering higher level questions, making links between texts and expressing opinion.

## MFL –

Out of the world – learning the names of planets.

- Going to the Seaside – children will write descriptive sentences about the seaside

Class Novel:

## Computing:

In this unit, children will research a person famous for computing. They will learn to use search engines, safe searching, and copyright. They will learn to find, save and import images and information from the internet. They will learn how searching works and how to evaluate a website – 5 W's. The basics of using technology in our everyday lives will be reinforced.
