Whole School Overview for Reading for Pleasure

READING STATEMENT OF INTENT

Through our reading provision, we aim to ensure that every child is able to read fluently by the end of Y2. To this end, we provide a language-rich environment, which promotes a culture of reading. We aim to develop in pupils a love of books and high-quality literature, which will not only support their learning across the curriculum, but will also extend beyond the classroom environment and enrich their lives. In order to develop children's understanding and enjoyment of texts, we teach reading skills explicitly throughout school. Through reading for pleasure, we aim to provide a range of resources, which reflect the diversity of culture and language within our school and the local community.
