

Understanding the World and Seasonal activities

We will be noticing how the weather changes this half term as we move into autumn.

We will look at natural autumn items such as conkers, leaves and pine cones and do lots of activities related to the season.

Book of the Week

We will begin our 'Book of the week' when the children are settled into Nursery.

Peace at last

Some dogs do

Owl babies

Oliver's vegetables

Goldilocks and the three bears

Settling in

This half term we mainly focus on your child settling into Nursery. Week one we have short visits with a parent, week two we have three hour visits and week three is when we begin our full time provision.

We want the children to know us well and to feel safe, calm and happy at Nursery.

Autumn 1

What we will learn..

RE

In RE we will be learning all about ourselves and our family. The importance of our name and learning we are all special and part of God's family.

We will also learn we now belong to St. Ethelbert's school community.

Phonics

Supersonic Phonics friends phase 1

Lots of listening games focusing on improving the children's general sound discrimination. Beginning with Environmental sounds and instrumental sounds

Maths

Children will have access to lots of activities and enhancements within the continuous provision with a focus on colours, colour matching and sorting.

We will learn some simple number rhymes.

These are the activities that are planned for this half term. We also follow children's interests 'in the moment'.
